"EXCELLENCE THROUGH KNOWLEDGE AND PRACTICE"

"SELF RELIANT INDIA"

At a time when the world is suffering from a deadly pandemic, India plans to convert this crisis into an opportunity and strengthen its fight by becoming Aatmanirbhar or self-reliant. The term was coined by the Prime Minister of India, Mr Narendra Modiduring his address to the nation on May 12, 2020. He called this campaign Aatma Nirbhar Bharat Abhiyaan (Self- Reliant India Movement). He also defined five pillars of Aatmanirbhar Bharat – Economy, Infrastructure, System, Demography and Demand . He stressed that it is time to become vocal for our local products and make them global. Under this campaign, a special economic package has been released by the government, which will benefit various segments including cottage industry, Micro, Small and Medium Enterprises (MSMEs), labourers, middle class, and industries, among others.

PM Modi's five pillars of making India self-reliant

- **Economy:** We have to bring an economy that doesn't bring incremental change but quantum jump.
- **Infrastructure:** We need an infrastructure which can become the identity of modern India.
- **System:** A system that doesn't follow norms of the previous century. It should be able to fulfill our 21st century dreams and be technology driven .
- **Vibrant Democracy:** It is our strength, it is the source of energy for our dream to make India self-reliant.
- **Demand:** The demand-supply chain is our power, we should use it to its full potential.
